Add-A-Stack Filing System

You need more filing space. You need more floor space. You know you're going to need even more of both later. What you really need is Add-A-Stack—the modular filing system that expands as easily as adding another shelf.

Add-A-Stack's thin profile reduces the height of each tier, allowing you to stack more tiers within reaching height. Add-A-Stack has been proven to cost less per filing inch than conventional filing cabinets...and has exceptional strength to carry heavy filing loads safely. With no time-consuming drawers to open and close, retrieval time is greatly reduced as well!

Features and Options

TIER OPTIONS

Letter

Legal

X-Ray

Add-A-Stack is available in all the most popular file sizes—letter, legal and x-ray. Optional posting shelves and literature sorters allow you to customize your filing needs.

POSTING SHELF

Keep contents out of site when not in use. When pulled down, our posting shelf/door provides additional workspace. This option can be added to letter or legal tiers.

ROLL-OUT REFERENCE SHELF

Create a convenient pull-out work space with our sliding Reference Shelf. The unit installs between tiers allowing for full filing space in each tier.

LOCKING DOOR

Stay HIPPA compliant by securing tiers with lockable door. Every locking door includes keyed lock.

TIER-STRENGTHENING DIVIDERS

Organizing grouped files is easy with our fixed dividers. 36" wide tiers feature four fixed dividers. 48" wide tiers feature six fixed dividers.

Features and Options

LITERATURE SORTERS

Optional literature sorters are perfect for filing and compartmentalizing letter and legal documents.

TOPPED OFF

To complete the stack and give it a finished appearance, an 18-gauge steel top is bolted to the top tier.

EASY LEVELING

Adjustable levelers compensate for uneven floors and provide stability and strength to corner gussets. Available on 4" base only.

TWO BASE OPTIONS

1" bases are ideally suited for mating with mobile or existing shelving, while 4" bases get your files up off the floor so mops and vacuums won't damage them.

RUBBER FEET

Our rubber feet adds longevity to the cabinet while protecting the floor underneath.
